Time for a Clean Slate

Full-time resident Richard Happy removed piles of rotting firewood from the fire pit on Deer Valley Rd. Thanks for stepping up, Richard.

Drainage Fixed @ Main Entrance

A crew was hired to uncover the drainage pipes on both sides of the road that had been filled with mud and were not functioning properly.

Cost to HOA \$200.

Runoff can now properly drain under the road.

Driving Vision Improved

Tree branches around the safety mirror on Deer Crossing were recently pruned to provide better vision to drivers.

The ornamental “Silver grass” is striking in September, turning colors of a setting sun. This beauty is located on Milky Way.
